

Help protect the Great Lakes . . . and the economy . . . from the Asian Carp invasion. What began in only two locations in Arkansas in 1975, to clean sewage water, has spread to over 100 locations throughout the entire Midwest. The Asian carp are voracious eaters and can quickly destroy a body of water threatening our Lake's \$7 billion commercial and recreational fishing.

This fundraiser is for the Great Lakes Branch, National Wildlife Federation, a 501 (C)3.

The Drs. Drew have sponsored various fundraisers for 24 years.
